

Griselda Villalba and her community

Community name: Belen
Information for: Monash Uni - Financial Resour
Information collected by: Tatiana Gutierrez, community volunteer
Person Interviewed: Griselda's mother Flora

Introducing this update

This report follows a visit to Griselda's family and uses a standard format to ensure that it provides an update on how Griselda and her family are and outlines the work that Plan is doing with them and their whole community.

Strengthening a bond

We spoke with Griselda's family and they provided us with an update on Griselda's activities over the past year. Below are some key facts, but please also write and send greetings to Griselda and her family.

Griselda's Health

Griselda has been healthy over the last year.

Griselda's Education

Griselda attends primary school.
It takes less than 30 minutes to reach school.

Griselda's family situation

There have been some changes to who lives with Griselda over the past year.
Flora was excited to tell me about the birth of Griselda's new sister Mariza Villalba, who was delivered in April 02/06.

The family's access to basic services

Griselda's family is still using an open field or public area for their toilet facilities.
The family's water comes from an open well all year round.
The nearest health facility is about fifteen minutes away.

What has been happening in the area where Griselda lives

The projects undertaken to benefit Griselda's community include:

This product aims to ensure that the communications between the sponsors and the children they sponsor are correctly administered. This process entails the families writing the letters, the letters being collected by community sponsor volunteers and sent to the sponsors. The funds are managed by Plan, an expert partner in communication or organized groups in the community, preferably boys, girls and adolescents. The product covers the cost of training the community
